My Friends,

If all goes according to plan, I will be in Los Angeles this weekend to celebrate my nephew's wedding. While I look forward to getting away for a couple of days, I am hoping that it doesn't take me 3 hours to get through airport security. We are becoming prisoners in our own homes as we continue to double down on maintaining our security. Taken to the extreme, the proposed solution to insure our safety is for each of us to carry our own gun.

My point in writing today is not to debate gun control, I am much more concerned about the anger-mongering going on. After the murder of one of Britain's MPs in the debate on whether to exit the European Union, a call was put out to 'tone down the rhetoric.' There is no civil discourse any more and that should be a major concern for all of us!

If there is any hope for change, then it has to begin with us. We need to get God back at the center of our lives. We will not change the secular culture if we are as angry as they are. We need quiet time. We need time with the Lord. Summer can be a good time to renew our spirit. It doesn't happen by taking vacation time from going to Mass. We need to appreciate and give thanks for all the good things we have received as opposed to focusing on what we don't have. We need to set time for prayer. Many take advantage of our Eucharistic Adoration in the lower chapel from 9-5 on Thursdays. It is a wonderful place to make a holy hour before the Lord.

In all honesty, I don't see a whole lot of civil discourse going on this summer. As the politics heats up, so will the violence. We pray for a sincere respect for persons of every race, culture, ethnicity and religion. Let us do our part as individuals in respecting God's image in every person we meet.

*Fr. Charlie*
