My Friends,

I can't believe that we are coming to the end of another school year! We have so much to celebrate and give thanks for. I hope you were able to visit the Arts and Science Show in the parish hall last Sunday. The children's art works and science displays were incredible. There was wonderful music from the school band and the children singing to accompany you during your viewing. St. Mary's School is a wonderful asset not only for our children but also for our parish.

It is a legacy that we need to continue. Our parish family has been very supportive. I want to thank you personally for your financial support. Through our endowment and programs like Sponsor-a-Student we have been able to assist families with the tuition. This year we will be giving over \$60,000 in tuition assistance. There is no question that this is money well invested.

I also want to take this opportunity to thank our principal, teachers and staff. Considering the level of their salary, it truly is a ministry that they provide. I am especially grateful to our principal, Sharon Brunkow, who will be retiring this year. She has dedicated close to 40 years of her teaching career to our children here at St. Mary's. We wish her many years of good health and blessings as she begins her well-deserved retirement. She has our love and is always welcome here at St. Mary's.

I ask the parish's continued support of our school. The best way to enroll new children is by a personal invitation. We have started an alumni association that has been very successful in raising funds. Many more of you have supported the endowment and Sponsor-a-Student program. Your assistance in whatever way possible to grow our school is very much appreciated. We are proud of our students and love to hear about their successes. We thank God for another wonderful year.
